041 - Trainee Diagnosis, Problem or Procedure Counts

Program: UBC Family Medicine

Reporting Period: 7/1/2025 to 2/13/2026

Singla, Rohit
Stage : R2

Skill Dimension	Count
1. Professionalism Skills	7
2. Clinical Reasoning Skills	24
3. Communication Skills	15
4. Patient Centred Approach	7
5. Selectivity	2
Bedside Ultrasound	1
Cannula - Lumbar puncture - adult	
Cannula - Periph venous access - infant	
Cannula - Periph venous line - adult/child	
Cannula - Venipuncture	
Chest - Needle Thoracentesis	
Chest - Placement of chest tube	
Chest-Needle Thoracentesis	
Chest-Placement of chest tube	
Ear - Removal of Cerumen	
Ear - Removal of foreign body	
Ear-Removal of Cerumen	
Ear-Removal of FB	
Eye - Application of eye patch	

Eye - Instillation of Fluorescein	
Eye - Removal of corneal rust ring	
Eye - Rmv corneal orconjunctival fb	
Eye - Slit lamp examination	
Eye-Application of eye patch	
Eye-Instillation of Fluorescein	
Eye-Removal of corneal rust ring	
Eye-Rmv corneal or conjunctival FB	
Eye-Slit lamp examination	
GI - Anoscopy/Proctoscopy	
GI - Drain thrombosed ext. hemorrhoid	
GI - Fecal Occult Blood testing	
GI - Gastric Lavage	
GI - Genitourinary and Women's	
GI - Nasogastric tube insertion	
GI-Anoscopy/Proctoscopy	
GI-Drain thrombosed ext. hemorrhoid	
GI-Fecal Occult Blood testing	
GI-Gastric Lavage	
GI-Nasogastric tube insertion	
GU/Wom-Aspirate breast cyst	
GU/Wom-Cryo/chem therapy gen. warts	
GU/Wom-Diaphragm fitting/insertion	
GU/Wom-Endometrial aspiration biopsy	
GU/Wom-Insertion-Intrauterine Device	
GU/Wom-Pap smear	
GU/Wom-Transurethral catheter	
Gyne - Aspirate breast cyst	
Gyne - Cryo/chem therapy gen. warts	
Gyne - Diaphragm fitting/insertion	
Gyne - Endometrial aspiration biopsy	
Gyne - Insertion-Intrauterine Device	
Gyne - Pap smear	
Gyne - Transurethral catheter	
Injct - Intradermal injection	
Injct - Intramuscular injection	
Injct - Lumbar puncture -- child	
Injct - Subcutaneous injection	
Injct-Adult lumbar puncture	
Injct-Intradermal injection	

Injct-Intramuscular injection	
Injct-Lumbar puncture - child	
Injct-Periph venous access - infant	
Injct-Peripheral IV line-adult/child	
Injct-Subcutaneous injection	
Injct-Venipuncture	
Integ - Abscess incision/drainage	
Integ - Cryotherapy of skin lesions	
Integ - Drainage acute paronychia	
Integ - Electrocautery of skin lesions	
Integ - Excision of dermal lesions	
Integ - Excision of skin carcinoma	
Integ - Insertion of sutures	
Integ - Laceration repair	
Integ - Pare skin callus	
Integ - Partial toenail removal	
Integ - Release subungual hematoma	
Integ - Removal of foreign body	
Integ - Removal of whole toenail	
Integ - Skin biop-shv/punch/excisional	
Integ - Skin scraping - fungus determ.	
Integ - Use of Wood's lamp	
Integ - Wedge excision-ingrown toenail	
Integ - Wound debridement	
Integ-Abscess incision/drainage	
Integ-Cryotherapy of skin lesions	
Integ-Drainage acute paronychia	
Integ-Electrocautery of skin lesions	
Integ-Excision of dermal lesions	
Integ-Excision of skin carcinoma	
Integ-Insertion of sutures	
Integ-Laceration repair	
Integ-Pare skin callus	
Integ-Partial toenail removal	
Integ-Release subungual hematoma	
Integ-Removal of foreign body	
Integ-Removal of whole toenail	
Integ-Skin biop-shv/punch/excisional	
Integ-Skin scraping - fungus determ.	
Integ-Use of Wood's lamp	

Integ-Wedge excision-ingrown toenail	
Integ-Wound debridement	
Loc Anes - Digital block in finger or toe	
Loc Anes - Infiltration-local anesthetic	
Loc Anes-Digital block in finger or toe	
Loc Anes-Infiltration-local anesthetic	
MSK - Application of below-knee cast	
MSK - Application of forearm cast	
MSK - Application of full leg cast	
MSK - Application of Scaphoid cast	
MSK - Aspir/injection knee joint	
MSK - Aspir/injection of bursae	
MSK - Aspir/injection shoulder joint	
MSK - Fracture hematoma block	
MSK - Injection-Lateral Epicondyle	
MSK - Reduce Boxer's fracture	
MSK - Reduce Colles fracture	
MSK - Reduce disloc. radial head	
MSK - Reduce dislocated shoulder	
MSK - Reduce other simple fractures	
MSK - Reduction of dislocated finger	
MSK - Sling - upper extremity	
MSK - Splinting injured extremities	
MSK - Ulnar gutter splint	
MSK-Application of below-knee cast	
MSK-Application of forearm cast	
MSK-Application of full leg cast	
MSK-Application of Scaphoid cast	
MSK-Aspir/injection knee joint	
MSK-Aspir/injection of bursae	
MSK-Aspir/injection shoulder joint	
MSK-Fracture hematoma block	
MSK-Injection-Lateral Epicondyle	
MSK-Reduce Boxer's fracture	
MSK-Reduce Colles fracture	
MSK-Reduce disloc. radial head	
MSK-Reduce dislocated shoulder	
MSK-Reduce other simple fractures	
MSK-Reduction of dislocated finger	
MSK-Sling - upper extremity	

MSK-Splinting injured extremities	
MSK-Ulnar gutter splint	
Nose - Anterior nasal packing	
Nose - Cautery for anterior Epistaxis	
Nose - Posterior nasal packing	
Nose - Removal of Foreign Body	
Nose-Anterior nasal packing	
Nose-Cautery for anterior Epistaxis	
Nose-Posterior nasal packing	
Nose-Removal of FB	
Obs - Artificial rupture - membranes	
Obs - Episiotomy and repair	
Obs - Normal vaginal delivery	
Obs - Perineal laceration	
Obs - Repair vaginal tear	
Obs - Shoulder dystocia	
Obs - Vacuum assisted delivery	
Obs - Vacuum extraction	
Obs-Artificial rupture - membranes	
Obs-Episiotomy and repair	
Obs-Normal vaginal delivery	
Obs-Vacuum extraction	
Resusc - Bag and Mask ventilation	
Resusc - Cardiac defibrillation	
Resusc - Cardioversion	
Resusc - Endotracheal intubation	
Resusc - Oral airway insertion	
Resusc-Bag and Mask ventilation	
Resusc-Cardiac defibrillation	
Resusc-Cardioversion	
Resusc-Endotracheal intubation	
Resusc-Oral airway insertion	
Other	
Total	56
