UBC DEPARTMENT OF FAMILY PRACTICE
RESIDENCY PROGRAM

101 - UBC Family Practice Aggregated Field Notes Report

Singla, Rohit

R2

7/1/2025 to 2/13/2026

Date	Preceptor	Site	Domain of Care	Priority Topics	Skill Dimension	Activity Observed	Continue (what was done well)	Consider (what could be improved)
08/08/2025	Other	Coastal	4. Care of Adults	Dehydration	2. Clinical Reasoning Skills	Fluid management in postoperative oliguria	identified prerenal causes of low urine output and adjusted fluids appropriately after discussing with the MRP.	consider trend documenting t for your fluid r
08/08/2025	Other	Coastal	8. Surgical & Procedural Skills	Dehydration	3. Communication Skills	Interprofessional communication	clearly communicated your assessment and plan to nursing and the attending, ensuring continuity of care.	specific monitor output thresh giving handov
08/08/2025	Other	Coastal	4. Care of Adults	Dehydration	2. Clinical Reasoning Skills	Volume status assessment	detailed physical exam demonstrated attention to volume status indicators such as edema and mucous membranes.	Document cor balance or we monitoring.
08/08/2025	Other	Coastal	8. Surgical & Procedural Skills	Abdominal Pain	2. Clinical Reasoning Skills	SBO / NG Tube Management	appropriately interpreted radiographic findings and deferred NG removal pending clinical and imaging improvement.	include more c tube removal (of stool).
08/08/2025	Other	Coastal	1. Family Medicine Fundamentals	Abdominal Pain	3. Communication Skills	Nursing consultation	responded promptly and provided clear, rationale-based instructions to nursing.	Use teach-bac shared unders decisions.
08/14/2025	Hughan, Bella	Coastal	1. Family Medicine Fundamentals	Trauma	4. Patient Centred Approach	ICBC for 2 patients	Excellent management of the forms and the patient Correctly written in all boxes	
08/21/2025	Hughan, Bella	Coastal	5. Care of the Elderly	Dementia	3. Communication Skills	MOCA/MMSE	Excellent testing technique on a patient not met before Complex texting with good technique	
08/28/2025	Hughan, Bella	Coastal	1. Family Medicine Fundamentals		3. Communication Skills	Options for treatment of knee OA	Excellent explanation of options including steroid injection	Consider optio may be in tem
11/04/2025	Other	Coastal	4. Care of Adults	Elderly	2. Clinical Reasoning Skills	Delirium assessment and management	generated a broad differential and initiated targeted interventions for likely causes including hepatic encephalopathy and constipation.	Simplify diagn overburdening document rev
11/04/2025	Other	Coastal	7. Mental Health & Addictions Care	Dementia	2. Clinical Reasoning Skills	Delirium	differentiated hyperactive vs hypoactive delirium, optimized non-pharm strategies, and used low-dose antipsychotics judiciously.	Document a s plan.
11/04/2025	Other	Coastal	7. Mental Health & Addictions Care	Difficult Patient	3. Communication Skills	Disposition & community coordination	aligned long-term care needs, mobility plans, and caregiver resources, and confirmed timelines with SW/PT/OT.	include a brief and written co hours concern
11/04/2025	Other	Coastal	4. Care of Adults	Chest Pain	2. Clinical Reasoning Skills	Chest pain risk stratification	In clinic, you distinguished typical vs atypical features and used risk tools to guide urgency and ED precautions.	Explicitly docu probability and stress testing
11/04/2025	Other: other	Coastal	1. Family Medicine Fundamentals	Chest Pain	5. Selectivity	Test selection (echo vs stress)		

							matched tests to clinical questions (ischemia, structure, valves) and patient mobility/contraindications.	Add cost/harm positives, down support inform
11/04/2025	Other	Coastal	4. Care of Adults	Multiple Medical Problems	4. Patient Centred Approach	Complex patient counseling	navigated multiple comorbid concerns and a cornstarch allergy by offering practical alternatives and staged plans	use one priorit symptom" to c term goals.
11/04/2025	Other	Coastal	8. Surgical & Procedural Skills	Abdominal Pain	1. Professionalism Skills	Surgical consent (volvulus)	explained indications, risks/benefits, transfusion consent, and answered questions, easing fear and aligning expectations.	Add absolute/ document pati decision
11/04/2025	Other	Coastal	8. Surgical & Procedural Skills	Advanced Cardiac Life Support	1. Professionalism Skills	Intraoperative resuscitation	During the intra-op arrest, you demonstrated calm leadership, effective CPR role allocation, and supported needle decompression decision-making.	Debrief with a went well/next of critical even
11/04/2025	Other	Coastal	5. Care of the Elderly	Multiple Medical Problems	5. Selectivity	rounding (eight patients)	systematically assessed pain, dyspnea, nausea, and psychosocial needs, and coordinated with nursing and allied health.	Add a daily "m today" goal to alignment.
11/04/2025	Other	Coastal	5. Care of the Elderly	Multiple Medical Problems	3. Communication Skills	Cross-specialty consults	consults were concise, question-focused, and included relevant one-liners and objective trends, which expedited specialist recommendations.	close the loop "accepted/dec and your ration
11/04/2025	Other	Coastal	4. Care of Adults	Dementia	2. Clinical Reasoning Skills	Diagnostic uncertainty management	framed undifferentiated delirium vs metastatic disease as competing hypotheses, staged tests, and protected the patient from low-yield investigations.	add a time-lim reassess prete ordering seco
11/04/2025	Other	Coastal	5. Care of the Elderly	Multiple Medical Problems	3. Communication Skills	Family updates (multiple)	delivered plain-language updates, summarized trajectories, and clarified "what we're watching for," reducing anxiety and call-backs.	Use a teach-b the named de update time.
11/04/2025	Other	Coastal	6. Palliative and End of Life Care	Palliative Care	4. Patient Centred Approach	End-of-life conversation	for the frail 95-year-old with CHF/CKD, you validated values, explained the dying process, and set expectations for timing, which the family found grounding.	Add anticipato written "what t to standardize
11/04/2025	Other	Coastal	6. Palliative and End of Life Care	Chest Pain	2. Clinical Reasoning Skills	Symptom palliation (dyspnea)	titrated opioids and non-pharmacologic measures (positioning, fan, quiet environment) with clear hold parameters.	Document a r (e.g., PRN dos breakthrough teams.
11/04/2025	Other	Coastal	6. Palliative and End of Life Care	Palliative Care	1. Professionalism Skills	Death pronouncement & aftercare	conducted a calm pronouncement, offered time and space, and coordinated rituals, belongings, and bereavement resources.	Include a brief note any cultu service contin
11/04/2025	Other	Coastal	6. Palliative and End of Life Care	Anemia	2. Clinical Reasoning Skills	Management of anemia and MDS	integrated hematologic history into ongoing management, coordinating supportive transfusions.	early palliative planning.
11/04/2025	Other	Coastal	5. Care of the Elderly	Atrial Fibrillation	2. Clinical Reasoning Skills	Rate control in AFib	appropriately titrated beta-blocker therapy and balanced symptom control with blood pressure.	Include param monitoring in y
11/04/2025	Other	Coastal	4. Care of Adults	Diabetes	2. Clinical Reasoning Skills	DKA and Cannabinoid Hyperemesis	followed DKA protocol effectively with appropriate fluid, insulin, and electrolyte management.	ensure early e monitoring pos
11/04/2025	Other	Coastal	4. Care of Adults	Substance Abuse	3. Communication Skills	Substance-related health counselling	demonstrated empathy and motivational readiness when patient declined SUAT initially.	Explore motiva intervention fra cessation.
11/04/2025	Other	Coastal	4. Care of Adults	Diabetes	3. Communication Skills	Interprofessional acute care coordination	collaborated with ED, nursing, and lab staff to ensure timely monitoring and transition off insulin infusion	Document clea transitioning to
11/04/2025	Other	Coastal	1. Family Medicine Fundamentals	Multiple Medical Problems	1. Professionalism Skills	Multiservice rounding day	prioritized seven complex patients efficiently, sequencing tasks and timing consults to Neurology, GI, Palliative, and Anesthesia without delays.	Add a visible " time" tracker to and make han
11/04/2025	Other	Coastal	4. Care of Adults	Abdominal Pain	2. Clinical Reasoning Skills	Supportive care management	provided appropriate analgesia and hydration plan for an uncomplicated pancreatitis.	Reassess pain defined interv progression

11/04/2025	Other	Coastal	5. Care of the Elderly	Loss of Consciousness	2. Clinical Reasoning Skills	Assessment of altered LOC	appropriately considered substance use, metabolic, and medication-related causes of confusion.	document seri withdrawal as
11/04/2025	Other	Coastal	5. Care of the Elderly	Dementia	3. Communication Skills	Interprofessional collaboration	involved physio, nursing, and psychiatry to support holistic care.	plan an early f discharge goa
11/04/2025	Other	Coastal	6. Palliative and End of Life Care	Palliative Care	4. Patient Centred Approach	goals-of-care discussion	demonstrated sensitivity and patient-centered communication during code status discussion.	Include follow- SDM and ongo
11/04/2025	Other	Coastal	5. Care of the Elderly	Ischemic Heart Disease	2. Clinical Reasoning Skills	Heart management in the elderly	optimized diuretic and guideline-directed therapy within tolerance limits.	Monitor renal f advanced age
11/04/2025	Other	Coastal	5. Care of the Elderly	Periodic Health Assessment/Screening	1. Professionalism Skills	Fall risk assessment	identified multifactorial causes and initiated PT/OT referrals.	Discuss home supports with discharge.
11/04/2025	Other	Coastal	6. Palliative and End of Life Care	Palliative Care	3. Communication Skills	family and allied health coordination	engaged allied health and family members effectively in ongoing care discussions.	documentation and next upda
11/04/2025	Other	Coastal	5. Care of the Elderly	Elderly	2. Clinical Reasoning Skills	Polypharmacy review	appropriately reviewed medication-related contributors to confusion	consider de-pr documentation
11/04/2025	Other	Coastal	4. Care of Adults	Atrial Fibrillation	2. Clinical Reasoning Skills	Management of AFib with RVR	demonstrated strong understanding of rate vs rhythm control and initiated appropriate pharmacologic therapy.	Document rati continuation g
11/04/2025	Other	Coastal	5. Care of the Elderly	Chronic Disease	2. Clinical Reasoning Skills	Heart failure management	recognized signs of pulmonary edema and implemented evidence-based fluid management.	Track daily we changes to op
11/04/2025	Other	Coastal	1. Family Medicine Fundamentals	Chest Pain	3. Communication Skills	Team communication in acute care	effectively collaborated with cardiology and nursing staff to stabilize the patient.	provide clear c handover for h status thresho
11/04/2025	Other	Coastal	5. Care of the Elderly	Abdominal Pain	4. Patient Centred Approach	Acute abdominal pain assessment	diagnostic approach was systematic and evidence-based, ruling out gallstones and metabolic causes.	incorporate pa advancement early in care.
12/20/2025	Other: other	Coastal	5. Care of the Elderly	Dementia	2. Clinical Reasoning Skills	Delirium assessment	Identified multifactorial contributors.	Specify deliri
12/20/2025	Other	Coastal	2. Maternity & Newborn Care	Breastfeeding	4. Patient Centred Approach	Postpartum support	Addressed maternal recovery and feeding goals.	Clarify dischar
12/20/2025	Other	Coastal	2. Maternity & Newborn Care	Pre-labour rupture of membranes	2. Clinical Reasoning Skills	PROM assessment	Integrated maternal, fetal, and infection risk factors.	Document ind
12/20/2025	Other	Coastal	2. Maternity & Newborn Care	Induction of labour	3. Communication Skills	Induction counselling	Supported informed decision-making.	Outline labour
12/20/2025	Other	Coastal	2. Maternity & Newborn Care	Normal labour and deliver	1. Professionalism Skills	Birth plan review	Balanced patient preferences with safety.	Summarize ha
12/20/2025	Other: Dubuc-Dumas, Janie	Coastal	2. Maternity & Newborn Care	Induction of labour	6. Procedural and Clinical Skills	bedside pocus	Bedside POCUS of an intrapartum patient to assess fetal position	What other inf assess
12/20/2025	Other	Coastal	2. Maternity & Newborn Care	Postpartum hemorrhage	2. Clinical Reasoning Skills	Postpartum anemia	Recognized symptomatic anemia requiring escalation of care.	Document orth
12/20/2025	Other	Coastal	2. Maternity & Newborn Care	Counselling	3. Communication Skills	Transfusion counselling	Explained risks and benefits clearly.	Discuss symp
01/30/2026	Other	Coastal	7. Mental Health & Addictions Care	Counselling	3. Communication Skills	Supportive psychotherapy	Used empathetic, validating communication.	Incorporate Cl
01/30/2026	Other	Coastal	7. Mental Health & Addictions Care	Suicide	2. Clinical Reasoning Skills	Suicide risk assessment	Differentiated acute and chronic risk.	Document pro
01/30/2026	Other	Coastal	7. Mental Health & Addictions Care	Depression	2. Clinical Reasoning Skills	Depression and self-neglect	Integrated psychiatric and medical management.	Link medical s

01/30/2026	Other	Coastal	7. Mental Health & Addictions Care	Depression	2. Clinical Reasoning Skills	ED psychiatric assessment	Completed thorough risk stratification.	Document dys
01/30/2026	Other	Coastal	7. Mental Health & Addictions Care	Depression	2. Clinical Reasoning Skills	Bipolar depression	Monitored mood, psychosis, sleep, and function longitudinally.	Define remissi
01/30/2026	Other	Coastal	7. Mental Health & Addictions Care	Chronic Disease	4. Patient Centred Approach	Behavioural activation	Aligned care with functional goals.	Elicit patient-d
01/30/2026	Other	Coastal	7. Mental Health & Addictions Care	Difficult Patient	1. Professionalism Skills	Agitation management	Maintained safety with frequent reassessment.	Apply non-pharm
